

Part Three

GOD'S ITINERARY

When I was first diagnosed with cancer, the intellectual part of me knew that I needed knowledge and information regarding cancer and treatments. I needed to research, read, study, learn, and carefully weigh my options regarding crucial life or death decisions.

But in the spiritual realm, natural intellect doesn't always apply. We must seek godly wisdom regarding health. In fact, the Word even urges us to pray for wisdom in James 1:5: *If any of you lacks wisdom, let him ask of God, who gives to all liberally and without reproach, and it will be given to him.* I never disregarded the doctors' reports or their suggestions. But the truth of the Word takes precedence over the facts in the natural. I chose to believe God's report over the doctor's report. I focused my energies and my research on one resource, God's living Word, the Bible.

Part 3 of this book can lead you on the same journey that I took, with the same results that I got. Chapter 19, "The Great Exchange," and chapter 20, "Healing Is Conditional," teach rich, fundamental truths regarding healing as given to us through God's Word. Take time to savor them, read and reread them, focusing particularly on the scriptures that support these truths. Total belief in these truths is critical to receiving your healing.

A BLESSED JOURNEY

Don't try to figure them out intellectually. Faith is believing what you don't see, what you may not understand intellectually.

The remainder of *A Blessed Journey* lays out God's itinerary for you to receive your own healing and so much more! Each step is crucial; leave none of them out. Your entire life will be transformed, if you follow God's plan. When I started my journey, I was simply desperate to hang on to my physical life, but I got so much more than I was seeking! *God is able to do exceedingly abundantly above all that we ask or think, according to the power that works in us* (Ephesians 3:20). God's plan is that we live an abundant life and enjoy eternal life in the fellowship of our Father ... beginning today!
