

INTRODUCTION

For all of God's promises have been fulfilled in Christ with a resounding "Yes!" And through Christ, our "Amen" (which means "Yes") ascends to God for his glory.

2 Corinthians 1:20 NLT

I was diagnosed with Stage 4 melanoma in February of 2002. The cancer had metastasized throughout my lymphatic system. It was considered incurable, and my life expectancy without medical intervention was 6 to 9 months.

At the time of my diagnosis, I didn't have any knowledge of Jesus the Healer. In fact, I didn't even know Jesus as my Lord and my Savior. But I was introduced to God's promises through Jenn, a precious friend and woman of God, and began my journey of healing. Six months after receiving Jesus into my life as my Lord, my Savior, and my Healer, I was declared free from cancer ... without ANY MEDICAL INTERVENTION!

So many people have asked me, "What did you do to receive your healing?" The answer is really quite simple. I learned what God's promises of healing are, according to His Word. I received His truth into my heart. I believed. He said "Yes"! I said "Amen"!

In the years since my healing, my husband Kent and I have shared these same amazing promises with countless people across the world, through face to face teaching and prayer, through our books, our website, and our video and audio podcasts. And we have seen countless people receive healing and so very much more from Abba Father. My burning passion is to take God's message of healing to the world. This Bible study was consummated through intimate relationship with my Father, conceived in my heart, and birthed in this very study that is in your hands.

With all my heart, I believe that as God's promises are revealed to you, the seed of His Word will take root in your heart, and produce the precious fruit of healing! And our God will be glorified!!!

In His Love and Abundant Blessings,
