

## NOTES TO THE LEADER

### **Preparation**

Thank you for your commitment to lead this study group! As the leader of this small group healing ministry, you are an ambassador for Christ, sharing the Good News of healing as you lead others through *God Says Yes, We Say Amen*. Please take ample time before each session to watch the digital teaching video, and to read each session in full, taking time to meditate on the Scriptures. Complete your own workbook before each lesson to help guide discussion and answer questions. There is a Question-and-Answer guide in the back of this workbook for your support.

My prayer is that the God of our Lord Jesus Christ, the glorious Father, may give you the Spirit of wisdom and revelation as you prepare for and lead this Bible study. (Ephesians 1:17)

### **Scheduling and Needs**

Schedule a two-hour block of time for each session in order to give adequate time to the people to take in and process the teaching presented. I suggest opening each session with prayer and an opportunity to share testimonies (about 15 minutes). Watch the teaching video together, completing the open-ended questions and statements in the workbook in the process (about 60 minutes). After viewing the video together, allow time for questions and discussion (about 30 minutes). Close with corporate healing prayer, and/or individual prayer and guidance (about 15 minutes).

It is important that each person has his/her own copy of the *God Says Yes, We Say Amen* Bible study guide. They will use it during the small-group session, and throughout the week as they meditate on God's truth presented during that week's meeting. The follow-up section, Keeping God's Word ... Receiving It, Loving It, Living It leads the people to apply God's word into their life.

### **Session Video Recording**

The digital video teachings are included with the purchase of every *God Says Yes, We Say Amen* study guide. Each teaching session is about one hour in length, and delves deep into that session's topic, unveiling the overwhelming richness of God's truth. Be prepared with the technical equipment and support needed in order to view the video.

**Prayer Support**

Allow the Holy Spirit to lead you as you lead this study. Pray corporately. Pray individually. Pray fervently. Pray with the authority you have as a believing believer! More people are healed when we pray for more people! Heal the sick, cleanse the lepers, raise the dead! Freely you have received, freely give! (Matthew 10:8)

Consider supplying those in your small group with your personal contact information, in order that they can call you with questions or for prayer needs during the week. Discipleship requires investment. Investment results in a great harvest!

**Questions/Celebrations**

Please contact me by email with questions that come up that may be difficult to address, and with the outpouring of healing testimonies that will surely result from this study!
